To Whom it May Concern:

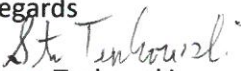

September 1,2016

This letter serves as notice of our self – certification of our Trailblazer Vertical Panel . Under the MUTCD requirements is self –certified by the manufacturer . Our product meets or exceeds all MUTCD test criteria based on historical usage. Historical performance of our Vertical Panels has proved to be Safety Work Zone Safe.

Additionally, we only use Avery Dennison Engineer Grade or High Intensity reflective sheeting for our Vertical Panels and this product is approved in all 50 states.

If I can be of further assistance , please call me any time.

Regards

Steve Turkowski
